

**REMARKS**

A Notice of Allowance has been received in the above-identified application, but the issue fee has not, as yet, been paid.

A review of the specification as published has revealed typographical errors made by the Patent and Trademark Office in the published application. Thus, the markings reflect changes from the specification as published. Applicant respectfully requests that such errors be corrected in the issued patent.

Applicant also respectfully requests amendment of Claims 1 and 11. The markings reflect changes from the claims as amended by the Examiner's Amendment dated April 2, 2004. The present amendments reflect Applicant's understanding of the amendments agreed to in the telephone interview of March 30, 2004, which differed from those amendments entered by the Examiner in the Examiner's Amendment. Applicant thanks the Examiner for the courtesy extended in a subsequent telephone interview, in which the Examiner agreed to the amendments set forth in this paper. Entry of the amendments is respectfully requested.

Finally, a review of the claims revealed a typographical error in claim 15 made by the applicant. Applicant respectfully requests that the amendment to claim 15 presented in this paper be entered to correct such typographical error.

Should the Examiner have any further questions or comments which need be addressed in order to obtain allowance, she is invited to contact the undersigned attorney at the number listed below.

Acknowledgment of receipt is respectfully requested.

Respectfully submitted,

By:
